# boardable

Special Offer For
Boys & Girls Clubs of America

> " Utilizing Boardable gave our Board members one location for everything — meeting dates, agendas, documents, dashboards, and follow-up items. We no longer distribute a large cumbersome meeting agenda packet or send multiple emails with documents attached."

Beth Claxton, Executive Assistant
Boys & Girls Club of Greater Northwest Indiana

Affordable Board Management Software for Nonprofits.

Boardable equips your nonprofit board with the right tools so you can centralize communication between you and your board — whether you're in person or remote. Find the best meeting times, securely store all of your documents, participate in discussion threads, and much more — all in one convenient place.

> " The features available on Boardable have enabled us to streamline communications, enhance organizational knowledge, and improve the overall Board experience, which has increased Board engagement and meeting attendance."

Beth Claxton, Executive Assistant
Boys & Girls Club of Greater Northwest Indiana

Tools To Realize Your Mission

Boardable brings your board's expertise and your passion together.

Agenda Builder
The agenda builder empowers administrators with templates for quick agenda building and provides board members with dynamic PDFs delivered via email and agenda landing pages with private annotation.

Meeting Center
Automating your meeting scheduling does more than save time. It frees your board from distraction, allowing everyone to focus on governance, strategy, and other areas vital to your mission.

Meetings With Video
Whether you're meeting remotely, in-person, or a combination of the two, Boardable Meetings with Video gives your organization the tools needed to have a more focused and engaged meeting experience.

Document Center
Document Center brings all the files your board needs to one place. You get the simplicity of organizing and distributing documents without digging up email attachments. Your board gets the ease of collaborating on documents anytime, anywhere.

E-Signatures
E-Signatures speeds up the document signing and approval process. Legally sign documents without the hassle of traditional paper signatures. Upload a document, request a signature, and view the status of document signatures all in one place.

Task Manager
Task Manager increases your board's productivity and accountability. Create, assign and manage action items during and in between meetings. Quickly check the status of completed and uncompleted tasks in one central location.

Reporting
Utilize data to gain insight into your board's engagement. Boardable Reporting allows you to view and download a variety of reports to quickly identify accomplishments and areas of improvement.

Goal Tracking
Track and measure the success of your organization's goals and board initiatives. Set benchmarks to keep your board informed and engaged on the progress of key performance metrics.

Polls + Voting
Polling helps you develop active, contributing board members. It highlights important decision-making items between and leading up to meetings, all without being pushy.
